

Leather	AATCC	ASTM Série D	BNQ	CAN/CGSB-4.2	EDENA	FTMS	INDA	ISO / Other
Breaking Strength of Leather - Grab Method		2208				311 M 2031		
Chromic Oxide (Perchloric Acid Oxidation)		2807-93 (2009) MOD.						
Colorfastness of Crocking of Leather		5053						
Determination of Resistance of Leather to (Bleeding) Color Stain Transfer		6012						
Flex : Bend test		2097						
Flex Testing of Finish on Upholstery Leather		2097						
Hexane Extraction of Leather		3495						
Permeability of Leather to Water Vapor		5052						
pH of Leather		2810				311 M 6621.1		
Slit Tear Resistance		2212						
Stitch Tear Strength of Leather, Double Hole		4705				311 M 2151		
Stitch Tear Strength, Single Hole		4786						
Tearing Strength, Tongue Tear of Leather		4704						
Thickness of Leather Test Specimens		1813						
Total Ash		2617						
Trapezoid Tearing Strength of Leather		6077						
Verification of Animal Skin Source								
Water Absorption (Static) of Vegetable Tanned Leather		1815						
Water vapor permeability		5052
