

The Institute of Textile Science

ITS Symposium 2024 – March 5&6, 2024

The Symposium 2024 of the Institute of Textile will take place on March 5 and 6, 2024. It will be held simultaneously in Montreal, Edmonton, and on Zoom.

The Symposium includes five technical themes: Advanced dyes and pigments; Military and space textiles; Fire protective fabrics; Smart textiles in health care; and Innovation in textiles & apparel sustainability. There will also be a panel discussion on Challenges and Strategies for the Textile Supply Chain. And of course, the students research corner with oral presentations and posters.

You can find the details of our preliminary program at:
